Licence Course

Licence Course

If you're hauling a tandem or tri-axle trailer behind a pickup or dump truck, you probably need an AR Licence!

- An extremely versatile license for trades people like bricklayers and carpenters, landscapers and farmers.
- Allows a commercial driver to tow a trailer behind them which has a gross vehicle weight of 4600 Kg or more.
- A robust driver training course which includes both in-class and in-truck training.
- We provide all the necessary equipment for both the training and the DriveTest exam.
- AR for tow vehicles equipped with hydraulic brakes (i.e., F250).
- ARZ for tow vehicles equipped with air brakes (i.e., single, tandem or tri-axle dump truck).
- Funding is available for businesses that would like to upgrade their employees from a G or D to an AR!
